FEDERAL

IMPACT: State & Local

Summary of Legislation: This bill establishes requirements concerning the application and staging of manure generated by a confined feeding operation.

Effective Date: July 1, 2011.

Explanation of State Expenditures: *Department of Environmental Management (IDEM).* The IDEM Commissioner may initiate an investigation of an alleged violation. The impact of this provision will depend on future violations.

The Commissioner could issue an order or assess a civil penalty not to exceed \$25,000 per day of any violation. Alleged violators can ask for a review of any order issued by the Commissioner. If a review is requested, the Office of Environmental Adjudication must review the order. A final order of an environmental law judge is subject to judicial review. Additionally, a person who has filed a complaint may proceed against the alleged violator if IDEM does not.

Explanation of State Revenues: *Civil Penalties.* IDEM may recover civil penalties. If additional civil actions occur and court fees are collected, revenue to the state General Fund may increase. A civil costs fee of \$100 is assessed when a civil case is filed, 70% of which would be deposited in the state General Fund if the case is filed in a court of record or 55% if the case is filed in a city or town court. In addition, some or all of the document storage fee (\$2), automated record keeping fee (\$7), judicial salaries fee (\$18), public defense administration fee (\$3), court administration fee (\$5), and the judicial insurance adjustment fee (\$1) are deposited into the state General Fund.

Explanation of Local Expenditures:

Explanation of Local Revenues: *Court Fee Revenue.* If additional civil actions occur, local governments would receive revenue from the following sources. The county general fund would receive 27% of the \$100 civil costs fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. Additional fees may be collected at the discretion of the judge and depending upon the particular type of case.
